MISSION & VISION

**Retro design inspires everything we do, but our love of modern innovation powers us.
Our products are inspired by retro, but created with care.**

A fresh and innovative addition to the retail market, ProTelX was established in September 2008 with the aim of designing, developing and manufacturing high quality consumer electronic goods.

ProTelX are specialists in bespoke manufacturing projects to meet specific needs. We offer a range of telecom products from professional office headsets to classic, yet contemporary retro inspired consumer goods.

This isn't about recreating retro designs, instead creating them authentically while injecting them with a modern inspiration and vitality. There's a passion and inspiration

characterised by our attention to detail which affects every level of business from briefing manufacturers to talking to customers.

These products are something you choose to add colour to your life, you want one because it's nostalgic and cool. You keep it because it's fun and beautiful.

Each design is inspired and fuelled by a desire to innovate. It reminds us of the balance, and the core value of GPO driven by a love of the past but bringing it bang up to date.

CARRINGTON

A British design classic.

Meet the GPO Carrington. A suave but contemporary, classic design, this British telephone has just the right amount of 1920s decor, combined with modern technology. The design is based on the vintage Bakelite telephone and features push-button dialling, a pull-out pad tray (originally used for keeping notes of exchange numbers) and authentic bell ring. The Carrington works on any standard home telephone line.

Features:

- Classic early 20th century design
- Made from quality strong plastics
- Pull-out note-pad tray
- Works on any current telephone network
- Compatible with modern telephone banking
- Push-button dialling
- Touch tone
- Ringer on/off switch
- Traditional bell ring
- Available in black, red and ivory
- 1 year warranty

746

PUSH BUTTON

Remember this little '70s number?

This telephone design was the final version of the GPO 746, one of the most popular telephones ever designed. It was released in this format when STD dialling was widespread in each UK home and business. This model was so popular and in demand because it was GPO's standard rental telephone, until the telephone network was privatised. It's fair to say, at one point, every home in the country had a GPO 746. A slice of British history.

Features:

- Traditional bell ring
- Push-button dialling
- Touch tone
- Works on any standard home telephone line
- Compatible with modern telephone banking
- Available in red, black and ivory
- 1 year warranty

The Wallphone was created in the '70s by GPO thanks to popular demand.

Having spotted the handset on American TV shows, British families wanted one of their own. This replica of the classic GPO 746 Wallphone is easily fixed to the wall and is the ideal addition to any home or business. There's even an extra-long handset curly cord so you can circle the room as you're taking a call.

Features:

- Wall mountable
- Push-button dialling
- Compatible with modern telephone banking
- Traditional bell ring with on/off switch
- Works on any standard home telephone line
- Extra-long handset curly cord
- Available in red, black and ivory
- 1 year warranty

746

WALLPHONE

Bring a piece of the past right back into the present!

The GPO Duke is clearly a telephone who likes the finer things in life. He might look and feel like he stepped straight from the early twentieth century but don't let his classic design fool you; he's a modern gentleman. The Duke possesses traditional features such as a pull-out note-tray, solid brass finish and cloth handset curly cord and also works on all modern telephone lines.

Features:

- Traditional bell ring
- Classic early 20th century design
- Pull-out note-pad tray
- Push-button dialling
- Touch tone
- Works on any current telephone network
- Compatible with modern telephone banking
- Last number redial function
- Solid brass finish
- Traditional cloth handset curly cord
- Solid, weighty construction
- 1 year warranty

DUKE

DUCHESS

Bring a little glamour into your home.

The GPO Duchess is regal. She prides herself on her classic shape and design. She loves her brass finish and traditional cloth handset curly cord. Yet she fits in nicely with the modern world by being compatible with any telephone network. Lovingly designed in-house by GPO, the Duchess might have high standards, but she's the ideal accompaniment to any room.

Features:

- Classic 20th century design
- Traditional cloth handset curly cord
- Made from high quality materials
- Works on any current telephone network
- Compatible with modern telephone banking
- Push-button dialling
- Touch tone
- Ringer on/off switch
- Brass finish
- Last number re-dial function
- Solid, weighty construction
- 1 year warranty

PEARL & OPAL

The precious stones in our GPO collection.

Meet the GPO Pearl and GPO Opal. Designed to sit next to your bed, they are perfect for long, girly chats. They're chic, stylish and modern, possessing feminine charm. Both are classic British designs but are fitted with modern technology so they work on any standard home telephone line.

Features:

- Classic early 20th century design
- Made from quality strong plastics
- Work on any current telephone network
- Push-button dialling
- Compatible with modern telephone banking
- Touch tone
- Ringer on/off switch
- The GPO Opal comes in a silver and cream finish
- 1 year warranty

LIMITED EDITION UNION JACK

RETRO TELEPHONE

There's nothing better than a retro classic walking hand in hand with cutting edge design.

This limited edition Great British telephone is exclusively made by GPO. Featuring the regal Union Jack design this is a fun and fully functioning telephone. It's ready to plug and play and will work with any modern telephone network.

Features

- Modern electronic ring
- Push-button dialling for convenience and speed
- Works on any standard telephone home line
- Touch tone
- Ringer on/off switch
- 1 year warranty

2000

Own a British rotary design classic!

The vintage Bakelite design is traditional in its truest form. This re-design is inspired by the classic and features an authentic finish with a metal base and handset, traditional cloth handset curly cord and rotary dial. Enjoy the authentic bell ringer, or use the switch to turn it off for when you need a little peace.

Features:

- Metal base and handset
- Traditional cloth handset curly cord
- Solid, weighty construction
- Traditional rotary dialling
- Traditional bell ring
- Retro dial template for telephone number
- Touch tone
- Compatible with modern telephone banking
- Ringer on/off switch
- Works with any current telephone network
- 1 year warranty

Form, function and simplicity.

The GPO 746 is a telephone that likes both form and function. This is a telephone that prides itself on its simplicity. No fuss, no fanfare, no drama. Homeowners loved the GPO 746 in the '70s and our updated design perfectly echoes its no-nonsense style. The traditional bell ring is a rush of nostalgia and the rotary design completes the classic British finish. Working perfectly with modern telephone exchanges, the GPO 746 is the ideal partnership of retro and contemporary.

Features:

- Iconic British '70s styling
- Traditional bell ring
- Rotary dialling mechanism
- Touch tone
- Works on any standard home telephone line
- Compatible with modern telephone banking
- Available in red, black, ivory, blue and grey
- 1 year warranty

746

ROTARY TELEPHONE

A bit of the past that's perfect for today.

This GPO 1970s retro telephone sits on your desk and makes your working day a little bit more stylish. A retro American design classic, our 1970s classic retro series features rotary dialling and an authentic bell ring.

Features:

- Traditional rotary dial
- Traditional bell ring
- Touch tone
- Works on any standard home telephone line
- Compatible with modern telephone banking
- Available in black, red and ivory
- 1 year warranty

1970

WINCHESTER

Tune into the '50s.

The GPO Winchester is a classy lady. Straight out of the glorious '50s, she has a love of the golden age of radio. Yet she also has a grip firmly on modern times: Underneath that classic wooden shape and woven cloth speaker grill there is transistor technology and a back lit display.

Features:

- MW/FM reception
- Backlit display
- Easy turning tuning and volume controls
- Stands on four feet
- 7½" x 11¾" x 5½"
- 1 year warranty

RYDELL

Picture yourself in high school, you and your pals are gathered around the radio listening to the latest track from some dream boat or other. Or wait, did you see that in a movie once?

The Rydell is for 50s lovers, whether it's a memory or a fashion you love. A four wave radio which isn't about style over substance, either. Choose from either an Analogue four wave with MW, LW, SW and FM or a DAB radio meaning you have more of a choice when it comes to your favourite stations. Available in black and cream you can plug it into a mains socket or pack it with a battery and sling it over your shoulder with your school bag.

Analogue

- 1950s style retro radio
- Carries MW, LW, FM and SW frequencies
- Portable
- Rotary dial buttons for tone & volume settings
- Easy to read rotary tuning dial
- Mains or battery operated (batteries not included).

DAB

- DAB+/DAB band III and FM digital radio
- 20 radio stations preset (DAB 10/FM 10)
- Automatically sets the clock via DAB
- Alarm function - wake up to buzzer or radio
- Sleep function
- Snooze function
- Mains or battery operated (batteries not included).

WESTWOOD

SPEAKER

The Westwood Speaker is compact and stylish speaker system with Bluetooth technology enabling you to play music from your smartphone or MP3 player. The Westwood can also be used to boost the sound of your GPO record player, offering an additional 25 watts of sound with bass and treble dials, giving you total control of your sound. With vintage cloth style grill, retro metal corner protectors and carry handle you can take it on your travels or have it as a cool looking centrepiece in your room.

Features:

- Compact size
- 25 watt output with sub-woofer
- Bluetooth connectivity
- Multimedia connection through Bluetooth, RCA input and 3.5mm aux in
- Bass, treble and volume controls
- Vintage cloth style grill, carry handle and metal corner protectors
- Great addition to the GPO turntables or use individually for playback from Bluetooth enabled media devices
- Available in brown, red and black.

STYLO

RECORD PLAYER

If you have a record collection or just want to dip your toe into the vinyl scene then try our GPO Stylo.

Launched in October 2013, the Stylo is GPO's first "back to basics" record player. The turntable has a shiny piano finish and is available in red and black. This record player is compatible with all record variants: 33/45/78. It features two built-in high quality speakers with play/pause lift arm. A blue LED pilot lamp illuminates the volume and rotating power controls.

Features:

- Supports 3 speeds 33/45/78 RPM
- Ruby stylus
- Aux in 3.5mm for MP3 connection
- Aux out 3.5mm for headphones/external speaker connection
- Built in stereo speakers
- Play/pause lift lever
- Volume adjust with blue LED indicator
- Available in either piano black or red finish
- Size 330mm x 280mm x 115mm
- 1 year warranty
- Built in RCA audio out to allow additional speakers to be connected
- Compatible with the GPO Westwood speaker amplifier.

STYLO PLUS

Do you remember that mixtape that your boyfriend made for you in the 90s?

Have you got a stack of cassettes in the loft with nothing to play them on? GPO is about to do to cassettes what we did to vinyl; bring them back!

The beloved GPO Stylo is our “back to basics” record player. It’s simple, easy to use and affordable and you’ve bought it in your droves. Now we’ve added a cassette tray for those who want to play their music in an alternative format. The sister player to the Stylo allows you to record from both cassette and vinyl to MP3. You can even connect the GPO Stylo Plus to a speaker to play those tapes extra loud.

Features:

- Cassette player function
- Available in red and black
- Built in speakers
- Supports all 3 record speeds: 33/45/78 RPM
- Auto on/off option
- Play/pause lift arm
- AUX in point to connect extra speaker
- Record vinyl, cassette and AUX in onto USB
- Built in RCA audio out to allow additional speakers to be connected
- Compatible with the GPO Westwood speaker amplifier.

ATTACHÉ CASE

Want to bring your records with you?

Stylish, lightweight and available in a range of colours this record player makes it simple for you to play your vinyl wherever you are. Made of wood and bound in leatherette this briefcase styled record player features built in stereo. This product also comes with a USB stick so that you can record your vinyl records on the go as well.

Features:

- Portable briefcase turntable player, enjoy music anywhere, anytime!
- Built in twin stereo speaker
- Analogue output: RCA connectors L/R
- Digital output: USB port
- Supports all 3 record speeds: 33/45/78 RPM
- Record your vinyl to a USB stick (supplied)
- Available in vintage brown, pillarbox red, sky blue, jet black and apple green
- Included are power supply and USB stick
- 1 year warranty
- Built in RCA audio out to allow additional speakers to be connected
- Compatible with the GPO Westwood speaker amplifier.

EMPIRE

Classic, stylish with a vintage feel, the GPO Empire is designed for the music lover who wants a record player to be front and centre in their home.

With a wooden and black matte design and cloth woven speakers built in, this is a vinyl player for those who like their sounds with a side order of style. Behind those vintage style brass dials there's nothing old and tired, instead the Empire is fitted with GPO's classic combination of modern kit fused with retro appeal. A three speed turntable is just the icing on the cake with a built in analogue radio. Just sit back and enjoy the music, whatever the format.

Features:

- Cloth woven, built in speakers
- Analogue radio dial
- Wooden and matte black design with brass finish
- Supports all 3 record speeds: 33/45/78 RPM
- Auto on/off option
- Play/pause lift arm
- Option for AUX
- Headphone jack
- Built in RCA audio out to allow additional speakers to be connected
- Compatible with the GPO Westwood speaker amplifier.

JAMI

RECORD PLAYER

Reigniting the mods and rockers culture of the 1960's

This product is perfect for anyone who is a fan of the mods and rockers culture of the 60s. A traditional, yet contemporary pattern combined with a clear dust cover and chrome finishes means that this beauty will fit in nicely anywhere. This product also possesses the ability to record directly from player to computer via USB cable, with software provided.

Features:

- Unique Union Jack print
- Record to PC through USB cable
- Supports all 3 record speeds: 33/45/78 RPM
- Auto stop function
- Play/pause lift arm
- RCA line out for extra speakers
- Built in equaliser

- Built in RCA audio out to allow additional speakers to be connected
- Compatible with the GPO Westwood speaker amplifier.

A vinyl turntable, MP3 Player, FM Radio & CD Deck.

Bringing style to the vinyl revival, the GPO Memphis is a big personality formed from the American '50s era. This product offers flexibility and versatility, to bring all your music collection under one hood, this is a must-have for any music fan. Convert all your LPs and CDs to MP3, then save them to either SD card or USB pen drive.

JIVE

RECORD PLAYER

Not just a record player.

With a dash of 70s flare, this product is perfect for playing all musical merchandise on one unit. This product also possesses the ability to record from vinyl/CD to USB or SD card. As well as its smart, white finish the Jive also has a clear dust cover and comes with a remote control.

Features:

- Turntable with 3 speed levels: 33/45/78 RPM
- Stereo amplifier
- FM stereo radio
- CD/MP3
- USB interface
- Compatible with CD-R/RW, MP3 and WMA
